PROFILE

Creative, detail-oriented AI Video Creator & Editor with hands-on experience in Adobe Premiere Pro and AI video/image tools (Veo 3, Flow, Nano Banana, Omni). Blends traditional editing craft with AI-generated visuals to produce fast, high-quality content for social media and brand storytelling. Seeking an entry-level **AI Video Creator / Video Editor** role.

CORE SKILLS

Video Editing

Adobe Premiere Pro — cutting, transitions, multi-cam, color grading, audio mixing

AI Video & Image

Veo 3 (video generation), Flow (Google's AI filmmaking tool), Nano Banana (image generation & editing), Omni

Content Formats

Reels / Shorts / TikTok-style edits, YouTube long-form, ad creatives, product demos, AI-generated B-roll

Other Tools

Canva, CapCut, MS Excel & Power BI (content performance reporting)

PROJECTS

AI-Generated Short Film / Reel Series

- Produced short-form content by generating scenes and B-roll with **Veo 3** and **Flow**, then assembling and polishing the final cut in **Premiere Pro**.
- Used **Nano Banana** to create and edit AI images for thumbnails, title cards and supporting visuals, keeping a consistent visual style across the series.
- Handled pacing, transitions, color correction and background scoring for Instagram Reels and YouTube Shorts.

AI-Assisted Brand Promo Video

- Combined AI-generated footage and visuals with real product shots to create a cost-effective promo for a small brand concept.
- Edited the final sequence in Premiere Pro, including sound design, text overlays and export optimization for multiple social platforms.
